This is to certify that **Raju Kumar** has completed an internship at **Newtab Technologies** as a **Junior Java Backend Developer Intern** for the duration of **January 2025** to **June 2025**

During this period, he has been actively involved in various stages of backend development using Java and related technologies. He demonstrated a keen interest in learning modern backend engineering practices and made valuable contributions to ongoing projects.

Key responsibilities included:
• Assisting in designing and implementing RESTful APIs using Java (Spring Boot)
• Collaborating with frontend and database teams to ensure seamless integration
• Debugging, testing, and maintaining backend codebases following best practices
• Participating in daily standups and code review sessions

Raju Kumar consistently demonstrated professionalism and a strong willingness to learn throughout the internship. We believe he will be an asset to any future team he joins.
We wish him the very best in all future endeavors.

Issued on: July 01, 2025

Warm regards,

Venkat Sai Kolli
Founder and UI/UX Designer,
Newtab Technologies.
